No professional consultation service

Information about possible courses of action and professional to contact

No database of personal information

Confidentiality agreement

# SOCIAL SCOPE

citizens with few resources, vulnerable groups and  
NGOs

to allow society to have access to justice.

basic line of teaching and research of Faculty of Law,  
focused on vulnerable groups

# SOCIAL SCOPE

**Ibero-American Network of Researchers "100 Brasilia Rules"**  
on Access to Justice for Persons in Conditions of Vulnerability.

It focused on *equality and gender perspective*

Commitment of the Faculty of Law to the  
**Sustainable Development Goals (SDGs)**

**SDG 5:** "Achieve gender equality and empower all women and girls".

# STUDENTS' TRAINING

Improvement of students' practical training

Development of their skills and abilities (legal communication, teamwork).

Basis for their final Degree projects

students' awareness of the key role played by lawyers in society

# STUDENTS' TRAINING

students' awareness of the situations of inequality and the mechanisms to avoid them

to make visible gender inequalities problems from a practical perspective

to complete students' training on gender perspective

# CONCLUSION

A specific section on Equality and Gender Perspective in Legal Clinic aims:

to provide information on these measures of access to justice and mechanisms to ensure equality.

- to complete the training of future jurists to eliminate gender stereotypes in judicial processes and favour women's access to justice (CEDAW, Recommendation no. 33, para. 29).
